

Philipp, Head of Unified Software & Infrastructure

# Lust auf einen Job mit Aussicht und bester Perspektive?

We are a young, fast growing high-tech company with a dynamic culture and highly motivated staff. We develop and market monitoring- and control-solutions for wind turbines and other industrial applications. Our innovative fiber-optic measuring technology and the knowledge of our employees form the basis of our success.

Over the past 7 years, fos4X has developed from a young start-up to a mature company with almost 100 employees. In this situation, we want to add an experienced CFO to our management team. For the next steps of professionalization we are looking for an entrepreneurial CFO who will make fos4X fit for the exciting challenges of the next years.

## Chief Financial Officer (CFO) (m/f)

### Your Qualifications:
